## 1. 가입 및 로그인

The screenshot shows the Liquid website's sign-up process. At the top, the navigation bar includes the Liquid logo and links for Dashboard, Trade, Buy & Sell, Lending, and IEO Market. On the right, there are 'Sign In' and 'Sign Up' buttons. A red circle with the number '1' highlights the 'Sign Up' button, with the text '가입을 진행합니다.' (Proceed with registration.) next to it. Below the navigation, a 'Sign Up' modal is displayed. On the left of the modal is a progress indicator with three steps: '1. Country of Residence', '2. Account Details', and '3. Review Your Details'. The first step is highlighted in red. The main content of the modal shows a 'Country Of Residence' dropdown menu with 'Japan (日本)' selected. A red circle with the number '3' highlights this dropdown, with the text '소속 국가를 선택합니다.' (Select your country of residence.) next to it. Below the dropdown is a note: 'Your account will be subject to the law of your Country of Residence.' and a red 'Next' button. In the bottom left corner, there is a language selector dropdown showing 'English'. A red circle with the number '2' highlights this dropdown, with the text '사이트 언어를 선택할 수 있습니다.' (You can select the site language.) next to it.

## 2. OTP 및 추가 인증 단계

The screenshot displays the Liquid trading platform interface. A central modal window titled "Complete Your Account" is shown, containing three options:

- Unlock Basic Account Status**: Enable Google 2-Factor authentication to unlock Basic Account status. You can learn more here.
- Deposit Crypto**: As a Basic Account holder you can deposit crypto-currencies like Bitcoin, Ethereum and Ripple and begin trading today.
- Get Increased Limits and Fiat Access**: Verify your account and get increased withdrawal limits, access to fiat and credit card deposits. You will need a passport or ID document and a proof of address such as a mobile phone bill, bank statement or utility bill that is no older than 3 months.

Red circles with the number "1" highlight the "Unlock Basic Account Status" option in the modal and the "Security" option in the user profile menu on the right. The user profile menu also includes "My Profile", "Application Settings", "Referral Program", "Customer Support", and "Logout".

Background text on the left side of the screen reads: "보안단계를 이어서 진행합니다." (Continue with the security step.)

## 2. OTP 및 추가 인증 단계

The image shows a screenshot of the Liquid platform's user interface. The top navigation bar includes 'Liquid', 'Dashboard', 'Trade', 'Buy & Sell', 'Lending', 'IEO Market', 'Orders', 'Funds', 'Deposits', and a user profile icon. The main content area is titled 'Security' and has sub-tabs for 'Profile', 'Application', 'Security', and 'API Tokens'. Under 'Security Settings', there are two main sections: 'Two Factor Authentication (2FA)' and 'Change Password'. The 2FA section has a red box around the 'Enable 2FA Now' button, with a red circle containing the number '2' next to it. A Korean annotation 'OTP 등록을 진행합니다.' (Proceed with OTP registration) is placed next to the button. The 'Change Password' section has a 'Change Password' button. To the right, a modal window titled 'Set Up Authenticator' is open. It contains three numbered steps: 1. 'Install Google Authenticator' with links to Google Play and the App Store; 2. 'Scan QR Code with Google Authenticator'; 3. 'Back up your secret code' with a text input field containing 'hnaa' and a copy icon. A red circle with the number '3' is next to the QR code, and a Korean annotation '아래 코드는 OTP 분실 시 이용할 수 있는 시크릿 코드입니다.' (The code below is a secret code that can be used in case of OTP loss) is next to the input field. At the bottom of the modal is a 'Next' button, with a red circle containing the number '4' next to it and a Korean annotation 'OTP 등록 후 다음단계로 이동합니다.' (Move to the next step after OTP registration).
